

JNK1 Polyclonal Antibody

Catalog Number: E-AB-60070

2 Publications

 DIA-AN[®]
by Elabscience

Note: Centrifuge before opening to ensure complete recovery of vial contents.

Description

Reactivity	Human, Mouse, Rat
Immunogen	Recombinant fusion protein of human JNK1 (NP_620635.1).
Host	Rabbit
Isotype	IgG
Purification	Affinity purification
Conjugation	Unconjugated
Formulation	PBS with 0.02% sodium azide, 50% glycerol, pH7.3.

Applications Recommended Dilution

WB	1:500-1:2000
IHC	1:100-1:200
IF	1:50-1:200

Data

Western blot analysis of extracts of various cell lines using JNK1 Polyclonal Antibody at dilution of 1:1000.

Observed Mw:50kDa

Calculated Mw:35kDa/44kDa/48kDa

Immunohistochemistry of paraffin-embedded Human lung cancer using JNK1 Polyclonal Antibody at dilution of 1:100 (40x lens).

Immunofluorescence analysis of HeLa cells using JNK1 Polyclonal Antibody at dilution of 1:100 (40x lens). Blue: DAPI for nuclear staining.

Preparation & Storage

Storage Store at -20°C. Avoid freeze / thaw cycles.

JNK1 Polyclonal Antibody

Catalog Number: E-AB-60070

2 Publications

The protein encoded by this gene is a member of the MAP kinase family. MAP kinases act as an integration point for multiple biochemical signals, and are involved in a wide variety of cellular processes such as proliferation, differentiation, transcription regulation and development. This kinase is activated by various cell stimuli, and targets specific transcription factors, and thus mediates immediate-early gene expression in response to cell stimuli. The activation of this kinase by tumor-necrosis factor alpha (TNF-alpha) is found to be required for TNF-alpha induced apoptosis. This kinase is also involved in UV radiation induced apoptosis, which is thought to be related to cytochrom c-mediated cell death pathway. Studies of the mouse counterpart of this gene suggested that this kinase play a key role in T cell proliferation, apoptosis and differentiation. Several alternatively spliced transcript variants encoding distinct isoforms have been reported.
