PROC Polyclonal Antibody

Catalog Number: E-AB-17912

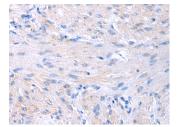

Note: Centrifuge before opening to ensure complete recovery of vial contents.

-	
Description	
Reactivity	Human
Immunogen	Synthetic peptide of human PROC
Host	Rabbit
Isotype	IgG
Purification	Antigen affinity purification
Conjugation	Unconjugated
Formulation	PBS with 0.05% NaN3 and 40% Glycerol,pH7.4
Applications	Recommended Dilution
IHC	1:50-1:100
ELISA	1:5000-1:10000
Data	

Immunohistochemistry of paraffin-embedded Human prost at e cancer tissue using PROC Polyclonal Antibody at dilution of 1:80(×200)

Immunohistochemistry of paraffin-embedded Human gastric cancer tissue using PROC Polyclonal Antibody at dilution of 1:80(×200)

Preparation & Storage

Storage

Store at -20°C. Avoid freeze / thaw cycles.

Background

This gene encodes a vitamin K-dependent plasma glycoprotein. The encoded protein is cleaved to its activated form by the thrombin-thrombomodulin complex. This activated form contains a serine protease domain and functions in degradation of the activated forms of coagulation factors V and VIII. Mutations in this gene have been associated with thrombophilia due to protein C deficiency, neonatal purpura fulminans, and recurrent venous thrombosis.[provided by RefSeq, Dec 2009]
