A Reliable Research Partner in Life Science and Medicine

## **NFATC3 Polyclonal Antibody**

Catalog No. E-AB-10486

*Note:* Centrifuge before opening to ensure complete recovery of vial contents.

### **Description**

Reactivity Human, Mouse

**Immunogen** Recombinant protein of human NFATC3

Host Rabbit **Isotype** IgG

Purification Affinity purification

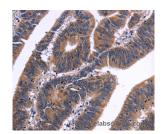

Conjugation Unconjugated

**Buffer** PBS with 0.05% sodium azide and 50% glycerol, PH7.4

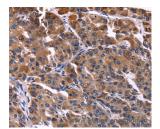

**Applications Recommended Dilution** 

IHC 1:50-1:200

#### Data

Immunohistochemistry of paraffin-embedded Human colon cancer tissue using NFATC3 Polyclonal Antibody at dilution 1:50

Immunohistochemistry of paraffin-embedded Human liver cancer tissue using NFATC3 Polyclonal Antibody at dilution 1:50

# **Preparation & Storage**

Store at -20°C. Avoid freeze / thaw cycles. **Storage** 

#### **Background**

The product of this gene is a member of the nuclear factors of activated T cells DNA-binding transcription complex. This complex consists of at least two components: a preexisting cytosolic component that translocates to the nucleus upon T cell receptor (TCR) stimulation and an inducible nuclear component. Other members of this family participate to form this complex also. The product of this gene plays a role in the regulation of gene expression in T cells and immature thymocytes. Several transcript variants encoding distinct isoforms have been identified for this gene.
