

## NUTF2 Polyclonal Antibody

**Catalog No.** E-AB-64728

**Note:** Centrifuge before opening to ensure complete recovery of vial contents.

### Description

|                     |                                                          |
|---------------------|----------------------------------------------------------|
| <b>Reactivity</b>   | Human,Rat                                                |
| <b>Immunogen</b>    | Recombinant fusion protein of human NUTF2 (NP_005787.1). |
| <b>Host</b>         | Rabbit                                                   |
| <b>Isotype</b>      | IgG                                                      |
| <b>Purification</b> | Affinity purification                                    |
| <b>Conjugation</b>  | Unconjugated                                             |
| <b>Buffer</b>       | PBS with 0.02% sodium azide, 50% glycerol, pH7.3.        |

### Applications Recommended Dilution

|           |            |
|-----------|------------|
| <b>IF</b> | 1:50-1:200 |
|-----------|------------|

### Data

Immunofluorescence analysis of U2OS cells using  
NUTF2 Polyclonal Antibody

### Preparation & Storage

**Storage** Store at -20°C. Avoid freeze / thaw cycles.

### Background

This gene encodes a cytosolic factor that facilitates protein transport into the nucleus. The encoded protein is required for nuclear import of the small Ras-like GTPase, Ran which is involved in numerous cellular processes. This protein also interacts with the nuclear pore complex glycoprotein p62.
